Dear Ms. Hyde,

Maybe you remember me and the articles I wrote for my Web site, *Keweenaw Now*, on the Aug. 28, 2012, public hearing on CR 595. Are you aware that the Marquette County Road Commission is now planning to sue the EPA over this decision by using private but undisclosed funding? Residents who welcomed your decision against a permit for this road are quite upset about this development, and I understand even the Marquette County Commissioners voted against the Road Commission's resolution. Would you be willing to make a statement about this at this time? I'm trying to do a story on it for [Keweenaw Now](#).

Thank you for your consideration.

Sincerely,

Michele Bourdieu, Editor and Publisher
